

## SkinSational®

### Indications

The SkinSational® Massager provides superior deep tissue massage and scar mobilization. It safely and gently massages scars to reduce or prevent adhesions, improve mobility and aid in healing. It also aids in reducing edema.

### Application

Using light pressure, the soft, pliable, SkinSational® Massager gently holds the skin for comfortable deep tissue massage. Use with scar massage oil or without.

### Features

- The unique configuration of the SkinSational® holds the scar gently to allow the skin to be mobilized. This improves circulation and healing.
- Very little pressure is required, making it safe to use on recently healed scars to help loosen fibrous scar tissue and to prevent adhesions and allow the tissue to move freely.
- Can be washed with soap or disinfected with alcohol or bleach.
- 100% latex-free rubber.
- Use alone or with SacredEarth™ Botanicals Lotion or Massage Oil to make the scar smoother and more pliable.
- For use on healed wounds. Use after stitches or staples have been removed.
