

NEW PRODUCT

SUPER PATCH

By utilizing a distinctive pattern and vibrotactile technology, the Super Patch provides precise and customized therapeutic interventions. Initiate neural responses in the brainstem and empower patients to confront daily challenges directly. Each unique Super Patch features a specialized ridged pattern (QR Codes) designed to contribute to a broad spectrum of wellness and performance benefits.

Key Features:

- Package includes 28 patches
- 100% Natural, drug-free, and non-invasive
- Science of vibrotactile stimulation
- Manage pain, balance, and mobility issues
