

# NEW PRODUCT

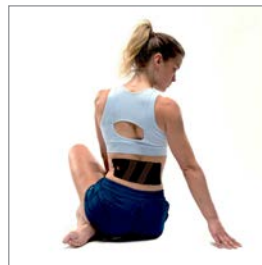

## KT TAPE PRO WIDE

KT Tape Pro Wide provides unparalleled support for larger muscle groups such as the lower back during intense workouts. Crafted with a 100% synthetic kinesiology tape and reinforced adhesive, it offers stability and pain relief, maintaining its place through numerous sessions. Featuring a reinforced elastic core for enhanced support, ensuring comfort and flexibility.

### Key Features:

- Double the width of standard KT Tape Pro and KT Tape products
- Durable, breathable 100% synthetic fabric
- Formulated to remain in place for 4-7 days
- Hypoallergenic, Latex-Free, Natural Rubber-Free
