Item # 081694892

KINESIO® TEX FAN CUTS

Kinesio Fan Cuts are made from the same Kinesio Tex Classic you have grown to love since 1979.

BENEFITS

- > Assists in the removal of edema and inflammation by assisting fluid towards a less congested pathway and lymph node.
- > Good for taping for circulation and lymphatic drainage to ankle/knee sprain or a bruised hamstring.
- > Saves valuable time.
- > Comes pre-cut into five separate tape tails which eliminates the need to cut the tape to form the "Tails" required for fan taping.
- > Strips can be applied singly or in combination to create the most effective lymphatic drainage taping for any condition.
- > The backing of each strip has cut lines clearly marked, allowing the size to be customized for any body part.

KINESIO FAN CUTS HAVE GOT YOU COVERED.
