THERMOSKIN WRIST WRAP

The Thermoskin Wrist Wrap is a great option for those suffering from weak and/or injured wrists, and lateral ulnar ligament injuries: Skier's thumb, Gamekeeper's Thumbs and Stener's Lesion. The wrap gives the user protection and support. With the patented Trioxon technology, the wrap retains natural body heat in the wrist.

Key Features:

- Fits both wrists
- Latex free
- Sizing based around wrist joint
