

STANDARD ABDOMINAL BINDER

The Sammons Preston Standard Abdominal Binder provides consistent, all-around compression to help stabilize the abdominal area and promote comfort during recovery. Designed to offer secure support, it effectively holds dressings in place, reducing the need for tape or additional bandages.

Key Features:

- Provides all-around full compression
- Adjustable hook-and-loop closure for a customized fit
- Latex-free blend of polyester, nylon, and spandex
- Supports and holds dressings in place without tape or bandages

| SKU | Item Name | Specifications |
