

SAMMONS PRESTON ENVELOPE ARM SLING WITH PAD

Ideal for casted forearms or wrists and for shoulder injuries, Sammons Preston Envelope Arm Sling with Pad Envelope Arm Sling is designed to keep the arm comfortably positioned and immobilized. Helping relieve stress on the shoulder, the sling holds the injured arm close to the user's body. When correctly worn, the sling keeps the elbow bent at a 90-degree angle.

Key Features:

- Stabilizes arm or wrist, accommodating bulky casts
- Shoulder strap's foam pad distributes weight
- Latex-free with adjustable slide buckle for a tailored fit
- Sizing based on length of the forearm from the elbow to the base of little finger

SKU	Item Name	Specifications
