

## SAMMONS PRESTON UNIVERSAL WRISTLET

The Sammons Preston Universal Wristlet features a 3" elastic and narrow elastic thumb loop for easy, one hand application. Rolyan has designed this support to decrease wrist pain. Use in combination with splints as an external support to stabilize the distal ulna.

### Key Features:

- Support and reduce wrist pain from sprains, strains, luno-triquetal issues, and TFCC tears
- Provides mild compression and stability
- Double lock hoop/loop closure
- One size fits most
