

## DELUXE SHOULDER IMMOBILIZER

The Sammons Preston Deluxe Shoulder Immobilizer is an effective tool for limiting shoulder movement. The waist strap and padded shoulder strap keep the user comfortable while the extra-deep pocket improves arm positioning. This immobilizer is ideal for use during rehabilitation and recovery and is comfortable for prolonged wear.

### Key Features:

- Arm and shoulder stabilizer with padded shoulder strap
- Extra-deep pocket for improved arm positioning
- Ergonomic design contours to hand and arm
- Adjustable Straps for Better Fit
